Dear Fellow Sailor:

I am truly humbled by the excitement around the 2021 Queen's Cup® Race and thank each and every one of you for your support.

I am aware of the concerns raised regarding the scoring issues and the time it took us to post results. I won't waste your time with excuses. I accept the responsibility and offer my sincerest apologies. We have started executing a retrospective to analyze what caused this and are looking at what we need to change for 2022 to ensure results are accurate and posted in a timely manner.

Looking forward to seeing you at the 2022 Queen's Cup.

Sincerely,

Craig Griffith
